

SOLAR ANGEL

©2017 Holly Arntzen/Kevin Wright

CHORUS

**Solar angel lights up the sky
Ancient starlight streaming on high
Power together, sun, wind and tide
Solar angel...energy is life**

VERSE 1

(H) Each year is the hottest ever
Nature's going crazy, so's the weather
Wildfires, floods, droughts and hurricanes
(K) Sea level rising, fish in the streets
Failing crops, climate refugees
Age-old rhythm of seasons being changed

CHORUS

VERSE 2

(K) Can you imagine a greater freedom?
We're restoring the garden of Eden
I believe in this renewable revolution
(H) We have a dream and it's attainable
If it ain't fun it's not sustainable **
Come on people now – lend your hand to solutions
